Dear Parent,

Thank you for your interest in Nanny Solutions. The idea of our business was prompted by a demand for quality in-home childcare. Finding satisfactory childcare is a challenging and often excruciating task. Working parents require more help than ever to keep their family lives in order. Our goal is to reduce the risks of in-home childcare, save screening time for you, and most importantly, allow you to leave the house confident that your children will enjoy a safe, happy and stimulating environment.

Our nannies are expected to interact with the children on an age-appropriate level and to give them the 'one on one' care that ensures a support network and promotes healthy development. We make every effort to be available for guidance and support to both families and nannies as they work together as a unit to provide a secure and loving atmosphere for the children.

The screening process begins with a personal interview with the candidates. As we go over their application, we ask additional questions to help us get to know them a little better. We engage them in conversations about their lifestyles, families and siblings. This information is helpful in learning about their backgrounds. We ask that each nanny candidate list three to five references. These references should include individuals who have known the candidate through past childcare experience, personally, or who have worked with them in another capacity. We look for individuals who have had childcare experience, exhibit good judgment and have a stable and happy disposition.

In order for you to begin the selection, please fill out the registration form and return it to us along with the application fee of \$50.00. Upon receipt of the application, we will call to verify the information that you have given to us and to answer any questions that you may have about our service. After a nanny candidate has been screened, you will be given her name, along with resume, so that you can make contact with her to set up a meeting with your family. Please call in after each interview to review your visit with the candidate.

We look forward to receiving your forms and working with your family. Thank you for your interest in Nanny Solutions.

Sincerely,
Amy Kelly - Owner
